Professional Summary

Final-year B.Tech CSE student (2026 batch) with strong foundations in Java, JavaScript, and Object-Oriented Programming. Experienced in building scalable full-stack web applications using React, Node.js, and PostgreSQL. Proficient in REST API development, database design, and software development lifecycle practices, with strong problem-solving and analytical skills.

Technical Skills

Languages:	Java, JavaScript, C
Core CS:	OOPs, Data Structures, DBMS, SDLC
Frontend:	HTML, CSS, React.js
Backend:	Node.js, Express.js, REST APIs
Databases:	Supabase, PostgreSQL, SQL
Tools:	Git

Education

B.Tech – Computer Science & Engineering	2022–2026
Supreme Knowledge Foundation Group of Institutions (MAKAUT)	CGPA: 7.35
Class XII – WBCHSE	2022 77.2% Class X – WBBSE 2020 69.0%

Projects

Payroll Management System	GitHub Live
• Developed a full-stack payroll and leave management system using React, Node.js, Express.js, and PostgreSQL .	
• Designed and implemented RESTful APIs, relational database schemas, and input validation for secure data handling.	
Tiny-Link — URL Shortener	GitHub Live
• Built a full-stack URL shortener using Node.js, Express.js, and PostgreSQL .	
• Optimized database queries and implemented efficient URL mapping logic to ensure performance and scalability.	

Internship Experience

Summer Intern – Jadavpur University	2024
• Worked on system design and development as part of a team project, contributing to real-world problem-solving and implementation.	
• Gained hands-on experience in software development workflows, debugging, and collaborative development practices.	
• Participated in technical presentations and project demonstrations; awarded Grade A .	

Achievements

Smart India Hackathon – National Finalist	2023 Certificate
• Developed a full-stack platform to route civic issues to government authorities, demonstrating end-to-end system design.	
NGP-DST Geo Innovation Challenge	2024 Certificate
• Presented a flood risk management and early warning system at a national-level innovation challenge.	
International Seminar Presenter (RTET–2024)	2024 Certificate
• Presented a research framework on NLP model evaluation at an international seminar.
